Pack size (L x H x W):	280 x 215 x 250mm
Pack shipping weight:	8kg

**BACTISAN.** Biocide. Liquid disinfectant against bacteria, fungi and yeasts.

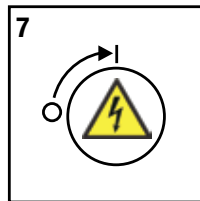

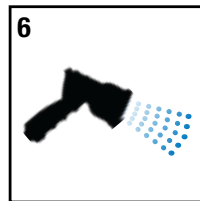

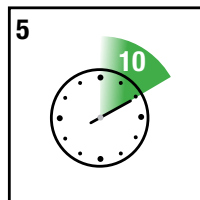

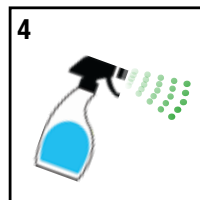

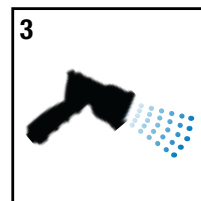

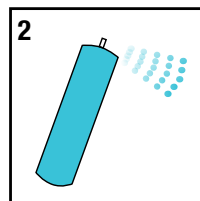

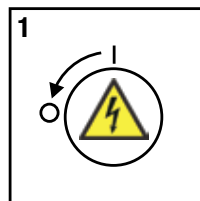

**INSTRUCTIONS**

Ensure electrics are turned off before use. Prior to disinfection, clean evaporator and condensate tray thoroughly with Evaporator Cleaner and rinse with water. Next, spray the complete coil surface with Evaporator Disinfectant. Allow 5-10 minutes for the solution to work, then rinse thoroughly with clean water. If required, spray a light mist onto air-conditioning filters to remove odours. Wear eye and skin protection when applying product to avoid irritation.
