Bactericide - fungicide.

Producer: BioServices International,  
Jagershoek 13, B-8570 Vichte - 6 Av Marcel Dassault, F-59476 Seclin.

#### INSTRUCTIONS

Ensure electrics are turned off before use. Prior to disinfection, clean evaporator and condensate tray thoroughly with Evaporator Cleaner and rinse with water. Next, spray the complete coil surface with Evaporator Disinfectant. Allow 5-10 minutes for the solution to work. If required, spray a light mist onto air-conditioning filters to remove odours. Wear eye and skin protection when applying product to avoid irritation.

Full safety information on following pages.

For professional use only.  
Keep out of reach of children.
