Pack size (L x H x W):	285 x 215 x 260mm
Pack shipping weight:	8.8kg

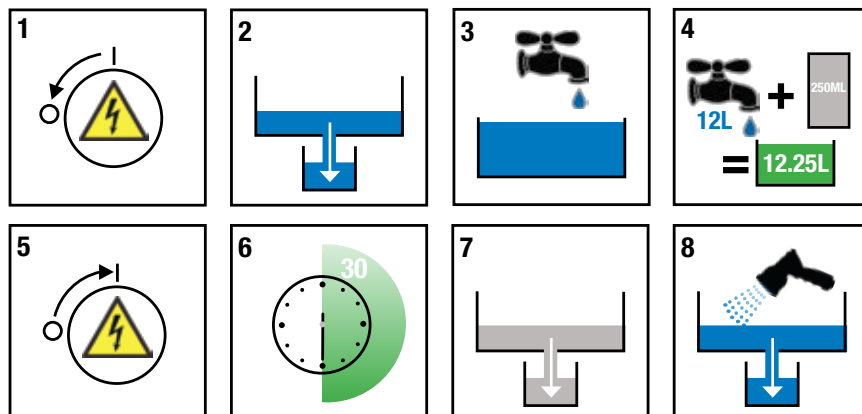

INSTRUCTIONS

Before cleaning turn off the circulation pump and refrigeration on the unit. Drain and refill the ice machine with clean water. For every 12L of water add 250ml of ice machine cleaner. Turn on the circulating pump and allow the cleaner to circulate for 30 mins. Drain and flush ice machine with fresh water. Heavily scaled machines may require repeating the cleaning process. Once complete drain and flush with fresh water.

Full safety information on following pages.

For professional use only. Keep out of reach of children.
